We will be taking a trip to Monterey sometime so I'm looking for
info on open 2m repeaters in that area. We will also be in Solvang so
info for that area would also be appreciated.

Thank you,
Howard

Does anyone know anything about the strong FSK signal at 14.265?
It's been on continuously for at least a day or so; seems to be
coming from the east (as seen from Denver). 73 Dave WB0GAZ dgf@netcom.com
